THE DREAMING LANDS, THE REALM OF 12.

The Dreaming
Lands are a mix of
stuff I understand
and stuff like...this.

All these groups of four
to six adventurers, flitting
out of existence as they
head about, never really
interacting with each
other. So many!

I ask Isabelle
to explain and
she says...

Do you
know *Dungeons
& Dragons*?

That's
the game you
guys played,
right?

Heh. No.
It's the only
game like the
games we played
that you've
heard of.

If you said
that to us then, we'd
have shouted at you. We were
hung up on that kind of thing...
