

The Rebel Alliance is all but defeated after the Battle of Endor. The Empire has redoubled their efforts to crush the scattered freedom fighters.

While the civil war consumes the galaxy the underworld thrives. Mercenaries and thieves serve crime syndicates and cartels for power, influence, territory and profit.

Skilled and ruthless bounty hunters—some of the most dangerous in the galaxy—scour systems to track down wanted criminals for their employers. Three of these hunters—Valance, Bossk and Boba Fett—are considered the best. And they have a history with each other...one that's about to lead them on a deadly collision course.
