

Palermo, Sicily

"Ever dearest,
Catania..."

"It has been three months
of fighting our enemy--these
god-forsaken demons--
with my fellow knights."

"We have fought
with all of our
strength..."

"...and I am
so happy to
tell you..."

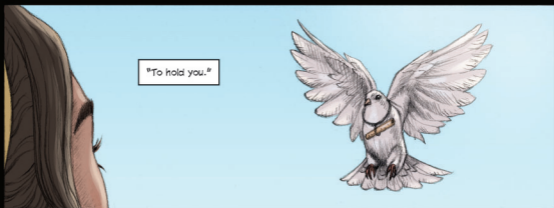

"...we have
prevailed!"

"I am finally coming home to you."

"I cannot wait to see your beautiful face."

"To hold you."

"And never leave you again."

Petralia Soprana, Sicily

"Ever dearest
Catania..."

"I stayed behind for a few days to help
Palermo begin rebuilding, and the other
knights had already headed home."

"We had heard that there was danger in the mountains,
so I have taken a detour."

"I will be later than expected,
but the sweet hills of our beloved
town are just over the horizon."

"I will see you
in a few days,
amore mio."

"Love,
Vincenzo."
