

THE STATUS-QUO-SHATTERING SAGA THAT MADE CAPTAIN AMERICA WIZARD'S BOOK OF THE YEAR!

For more than fifty years, the Soviets employed an undercover agent — an unstoppable, untraceable killer known as the Winter Soldier — to assassinate key political figures in the West. His suspected identity? Bucky Barnes. Captain America's one-time partner, thought to have been murdered in the closing days of World War II. Now, the Winter Soldier is back, working under the command of the ruthless General Lukin — who has obtained a functional Cosmic Cube, a weapon of limitless power that can bend reality itself. Vowing to end Lukin's reign of terror and destruction, Captain America relentlessly tracks the Cube's trail — only to find himself face-to-face against the Winter Soldier. Will Cap be forced to battle his resurrected partner so soon after finally learning the astonishing truth?

With page after page of shocking revelations, five-time Eisner Award-nominee Ed Brubaker's tale of suspense and intrigue has had both critics and fans reeling. *Ain't It Cool News* calls it "one of the biggest and best Captain America stories ever."
