

UNPRECEDENTED WINNER OF THE PRESTIGIOUS
EISNER AND HARVEY AWARDS FOR BEST SINGLE-ISSUE
COMIC OF THE YEAR.

Not since PSYCHO
has there been a better
work of art where everything
bad happens because of
love. It worked for me.
If it wasn't for Mad Love,
I wouldn't have no
love at all.

Mad Love is the
best Batman story of the
decade.

Frank Miller
The Dark Knight Returns

Stunning. Easily one
of my all-time favorite
comics. It reads like
storyboards for the best
animated Batman never
made. Bold, lusty, gleefully
demented--I love this
book madly.

Mad Love is a
happy blend of Harvey
Kurtzman and Bob Kane.
A veritable primer of
relationships in the 90's
told with a nostalgic twist.

Mad Love is an
action-packed story that
shows us how Harley
Quinn got her start. The
artwork is even better
than the animated series,
and the best part is that
you can sit back and enjoy
it over and over again
without having to wait
for the re-run.
