

History has a tendency to repeat itself, unless you change it.

Meet the Families of ALTERED WARS.

During World War II, they fought on all fronts, and eventually changed its outcome. Now it's the year 2039 and the stakes are bigger than ever.

The *War of the Planets* is about to begin. A small group of Earth Volunteer Forces are now fighting the mighty Viragonian Empire, bent on mass genocide and planetary conquest. They are fighting wars that were never meant to exist.

And they all must die.
