# THE SACRIFICERS™

RICK REMENDER *and* MAX FIUMARA  
WITH DAVE MCCAIG

My dearest Soluna,

I write this letter  
from your bedside  
as you sleep.

While some rotten piece of the  
world you fought to protect  
consumes you from within.

If you're reading this,  
my plan worked.

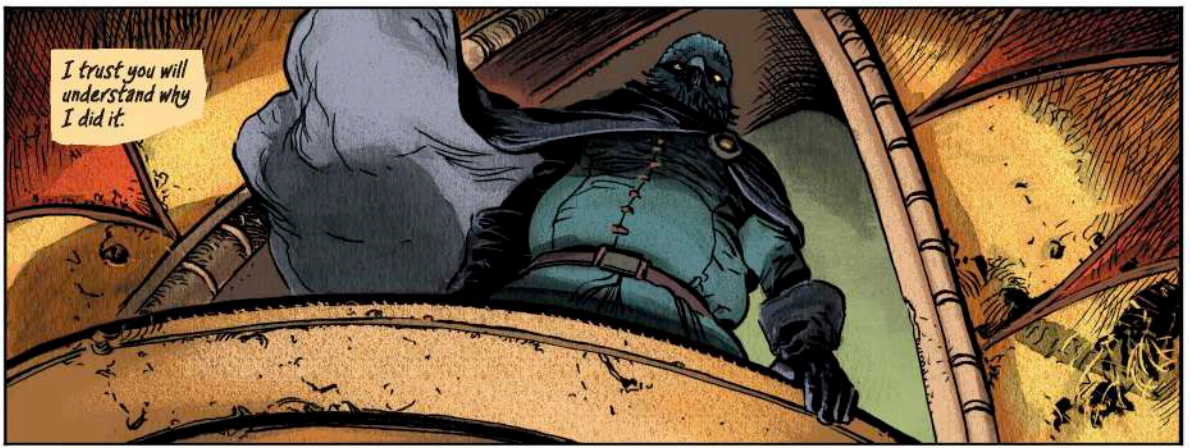

And if that's the case...

I'll be gone when you awake.

Curse me a coward  
if you must.

*I trust you will understand why I did it.*

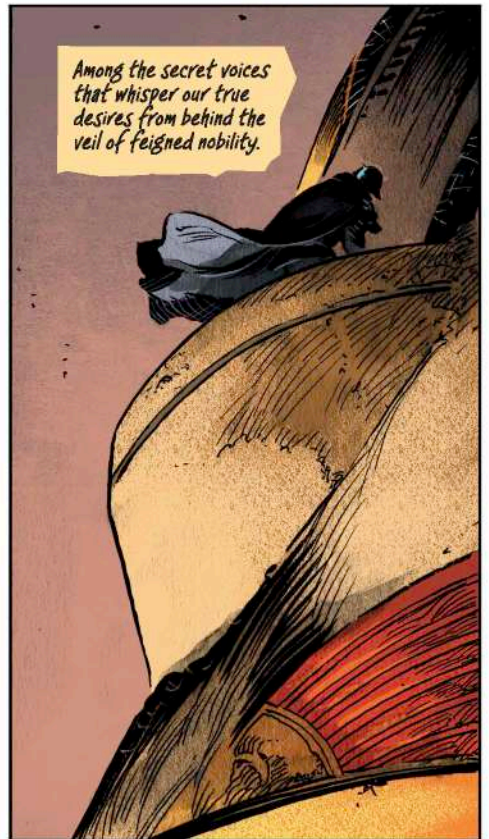

*What may be less clear...*

*...is how I could do it.*

*I confess, the thought has been gnawing at my mind for some time.*

*Among the secret voices that whisper our true desires from behind the veil of feigned nobility.*

The part of ourselves that we all hide from those we love.

The part we keep at bay with a wall of false hopes.

THROUGH THE GATE--  
**FINISH THIS!**

THEY TOOK EVERYTHING FROM US!

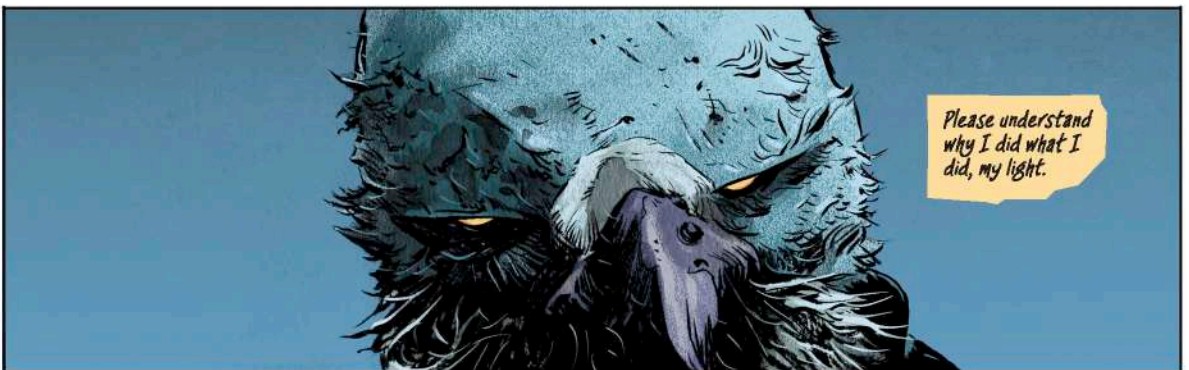

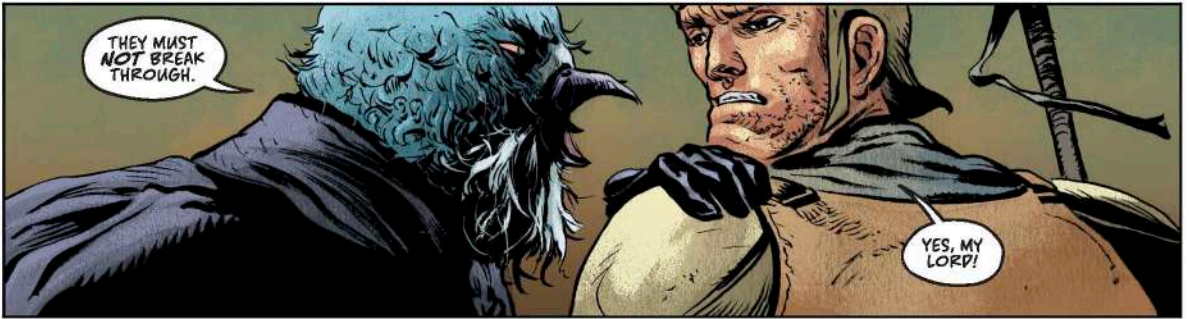

NOW WE TAKE IT ALL BACK!

And once my false hopes crumbled...

...that voice grew until it was the only one.

**THROOM**
